Hon sir/Madam  
IQAC meeting as conducted on 15/12/21  
suggestions from IQAC committee -  
Teachers' reports can be taken quarterly by google form.

IQAC needs meeting with all NAAC criterias for final design of google form.

All committees which are working for smooth functioning and reactivated from 1st of December 2021, role and responsibilities of committees and their members can be defined to them in a form of letter with their consent and with tenure to highlight their responsibilities.

For best practices and paperless work there are some softwares like ERP also helpful for the data collection from stakeholders that can be reviewed.

Thanks and regards.
